Day 5 March 23rd Departure Day

Day 1 March 19th

Transfer from Alajuela to Guanacaste (4hrs drive) our drive would start after finishing the trip to rest of Costa Rica. We will leave after breakfast and will start the travel through the 27 highway and the new flat road Cañas-Liberia, we will stop in the known as white city, Liberia for a quick check of this particular city with its architecture, always will be chance to stop for bird watching.

by the afternoon we would get to our Hotel, where you can enjoy the beautiful surrounding gardens that has birds from the north pacific, some common as the **Turquoise broad Motmot, White-throated magpie Jay, Blue Grossbeak and Streak backed Oriole**, the hotel has nice refreshing pools where after long drive and hot day you can end the journey of the day and if you want, you can also enjoy the hot springs of the hotel.

Stay in Borinquen hotel; Curubande area, Guanacaste

Day 2 March 20th

First thing in the morning birding around the Garden and trails from the Hotel el Borinquen, Leave after breakfast to Rincon de La Vieja National park(1:10minutes drive), This Park has approximately 34 000 acres of forest and room for 2 volcanoes, walking in the trails we would find good number of birds as **Lesser- ground Cuckoo, Long Tailed Manakin, Stud tailed Spadebill, White Hawk, White tailed Hawk, Collared forest Falcon, Rusty Sparrow, Migrants as Scissor -tailed Flycatcher, Indigo Bunting, Painted Bunting** the trail from Pailas has 3km hike and you will see hot springs and Bubbling mud pools, all the combination of volcanic area is very impressive, especially when you walk around this Bubbling pools.

Go back to the hotel and rest in the Hot springs and pools, of **Hotel Borinquen**
Stay in Borinquen hotel; Curubande area, Guanacaste.

Day 3 March 21st

In order to enjoy some of the beautiful sceneries from Guanacaste, we would leave early.

full day visit The Santa Rosa National Park dry forest the last and biggest dry forest from the Pacific in Central America , in this Aric ecosystem we can find birds as **Cavinet's Emerald, Ruby throated Humminbird, Elegant Trogon, Blue vented Hummingbird, Thicket Tinamou, Ivory billed Woodcreeper**, just to mention some of the local birds at this time of the year we have good numbers of migrants from North America we can take advantage in Peninsula de Santa Helena, where are good spots near the water in streams, where the birds refuge because the hot temperature for the migrants, we possible see **Northern Waterthrush, Western Tanager, Yellow warbler, Summer Tanager, Yellow throated Vireo, American redstart.**

Stay in Hotel Borinquen

Day 4 March 22nd

This day we are taking another adventure in the region of Guanacaste, day trip to Palo Verde

National Park, is one of the important dry forest for conservation and also its important for the swam area next to Tempisque River. **Box Lunch**
Opportunity to look for **Jabiru** the tallest bird of the country if we are lucky in the swamp area and rice fields as well some other aquatic as ducks and shores birds, maybe if we miss some species in Ensenada could be more opportunity to get other migrant birds that are heading back to USA. Back to the hotel in the afternoon.

Stay in Hotel Borinquen (Curubande Area)
