Forord

Fra den **4. – 17. januar 2018** afholdt DOF Travel atter stortur (nr 13) til den lille indiske delstat Goa. Flytransporten og opholdet på hotel Chalston i Calangute blev tilrettelagt af Apollo Rejser.

Turen var vellykket med mange store fugleoplevelser, hvilket fremgår af rapporten. I første uge var havde vi lunt og solrigt vejr med dagtemperaturer på mellem 25 og 28 gr.C . Da vi midt i perioden tog til Backwoods steg temperaturen her og i lavlandet med 6-8 gr.C. og holdt sig der perioden ud.

Til de daglige ekskursioner benyttede vi os atter af den lokale chauffør og fugleguide **Lloyd Fernandes**, som vi har gode erfaringer med. Udover at transportere os rundt i sin 16 personers bus arrangerede Lloyd morgenmadsbuffet i det fri, hvilket betød, at vi kunne starte tidligt om morgenen, ofte før solopgang. Lloyd arrangerede også en bådture på River Zuari med Collared Kingfisher som hovedattraktion.

Hjemmefra havde vi også booket plads for 2 nætter i teltlejren "**Backwoods Camp**", der ligger i udkanten af naturreservatet Bhagwan Mahaveer Wildlife Sanctuary. Guiden **Pramod**, der udover Leo og Loven ejer Camp'en, var meget ihærdig for at finde så mange arter til os som muligt. Han gav os nogle fine natur- og fugleoplevelser, hvilket han skal have en stor tak for.

Hermed også **en stor tak** til samtlige deltagere for endnu en uforglemmelig tur med hyggeligt samvær og god stemning, samt en tur der bød på mange store oplevelser, en tak til:

Tove Skødt Hansen, Steen Herluf Kjærlund Hansen, Niels Henrik Højbjerg, Claus Hyllested, Leif Øgaard, Helen Albinussen, Bjarne Fersum, Inger Jul Vinstorp, Leif Hoven, Bodil Emma Vinstorp, Bengt Erik Hjalmar Johlander og Anders Dam Pedersen.

Tak til Bengt E.H.Jolander, Leif Øgaard og Leif Hoven for fine foto's til rapporten. Ikke navngivne foto's er leveret af forfatteren til rapporten (Leon Berthou)

Rapporten er tilegnet Terje Skryten fra Norge, der desværre måtte melde afbud pga. hjerte-problemer et par uger før turen.

Leon Berthou (turleder).

Turforløb

Fredag den 5.januar

Baga Fields

Lørdag den 6.januar

Carambolin Lake and Village

Søndag den 7.januar

Morjim Beach

Siolim Fields

Pilerne Lake

Onsdag 17/1:

Hjemrejse lidt over midnat.

Dagbog

Torsdag 4/1 Udrejse

Alle var mødt til tiden kl. 05:00 i CPH, indtjekningen gik hurtigt, og vi lettede planmæssigt 08:35. Efter ca.14 timer med mellemlanding i Qatar tog Lloyd, iført DOF Travel t-shirt, imod os i Dabolim Airport veloplagt som altid. Efter en times kørsel nåede vi frem til Hotel Chalston i Calangute ved 05:00 tiden (lokal +4,5 time)

Fredag 5.januar.

Hotelhaven og Baga fields.

Pga. den sene ankomst aftalte vi at mødes til frokost på vores hotel kl 13. Indtil vi blev afhentet af Lloyd til en kort aftentur kl 16 kunne vi notere de første fugle i hotellets fine have, arter som Ashy Drongo, Purple-rumped Sunbird, Indian Magpie Robin, Common Tailorbird, Spotted Dove, Little Green Bee-eater, Vigor's Sunbird, Asian Koel, White-cheeked Barbet, Coppersmith Barbet, Red-whiskered Bulbul mv. Om eftermiddagen blev vi afhentet af Lloyd for at starte i det små omkring Baga Fields og Beira Mar hotel med omliggende rismarker. Baga Fields og omegn gav forbavsende mange fine arter trods vejbyggeri o.lign. Se dagens obs herunder hvor de fleste arter er fra Baga Fields og omegn. Beira Mar hotel havde fået ny ejer, der ikke rigtigt var kommet i gang endnu. Det lykkedes dog at få en 'sundowner' og en god middag.

Dagens obs: 58 arter

Lesser Whistling Duck 3

Glossy Ibis 50

Eastern Cattle Egret 10

Grey Heron 1

Purple Heron 2

Intermediate Egret 1

Western Osprey 1

Black Kite 25

Black-Eared Kite 25

Brahminy Kite 10

White-breasted Waterhen 1

Red-wattled Lapwing 2

Pin-tailed Snipe 3

Oriental Turtle Dove 2

Spotted Dove 5

Southern Coucal / Greater Coucal 1

Asian Koel 3

Spotted Owlet 2

Asian Palm Swift 25

Little Swift / House Swift 3

White-throated Kingfisher 4

Little Green Bee-eater / Green Bee-eater 9

Common <Eurasian> Hoopoe 4

White-cheeked Barbet 2

Coppersmith Barbet 5

Rose-ringed Parakeet 15

Long-tailed Shrike 4

Indian Golden Oriole / Eurasian Golden Oriole 1

Black Drongo 15

Ashy Drongo 5

House Crow 150

Indian Yellow Tit/Indian Black-lored Tit 1

Malabar Lark 2

Red-whiskered Bulbul 5

White-browed Bulbul 1

Barn Swallow 3

Red-rumped Swallow 15

Streak-throated Swallow 5

Paddyfield Warbler 2

Blyth's Reed Warbler 2

Booted Warbler 1

Plain Prinia 2

Jungle Myna 9

Common Myna 2

Brahminy Starling 12

Rosy Starling 55

Oriental Magpie-Robin 1

Siberian Stonechat / Common Stonechat 11

Pied Bush Chat 6

Purple Sunbird 2

Vigors's Sunbird / Crimson Sunbird 4

House Sparrow 25

Baya Weaver 1

White-rumped Munia 25

Scaly-breasted Munia 6

Grey Wagtail 4

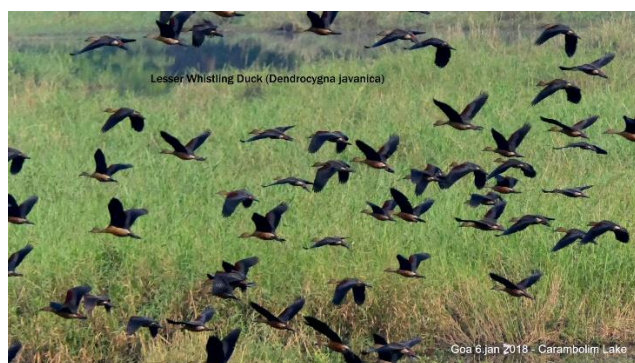

Richard's Pipit 1

Paddyfield Pipit 1

Lørdag den 6.januar

Carambolin Lake and Village

Kl. 06.30 ankom Lloyd i sin 16 personer bus, og af sted gik det mod **Carambolim Lake** (lotussøen) og landsbyen i nærheden. Carambolim Fields der normalt er det godt sted for rovfugle og vadefugle var ifølge Lloyd tomt for fugle i år så den 'våde' del af området blev sprunget over. Vi fik dog skuet lidt ud over de gamle rismarker fra skoven tæt ved landsbyen. Selve søen var fint besat med flere arter vandfugle: mange ænder, hejrer, storke og ibis'er, skarver, flere Oriental darter i flot display fra toppen af træer i sumpen, 14 vadefuglearter, terner, mange forskellige spurvefuglearter i de **små lunde omkring søen** samt omkring på markerne omkring landsbyen. De store rovfugle snød os dog helt.

Lesser Whistling Duck (Dendrocygna javanica)

Oriental Darter (Anhinga melanogaster)

Dagens obs: 104 arter

Lesser Whistling Duck 600

Knob-billed Duck / Comb Duck 12

Ruddy Shelduck 6

Garganey 150

Indian Spot-billed Duck 8

Eurasian Teal 75

Indian Peafowl 10

Woolly-necked Stork 3

Lesser Adjutant 6

Black-headed Ibis 50

Glossy Ibis 45

Eurasian Spoonbill 25

Yellow Bittern 1

Striated Heron / Little Heron 2

Indian Pond Heron 25
 Eastern Cattle Egret 1500
 Grey Heron 4
 Purple Heron 5
 Great Egret 25
 Intermediate Egret 8
 Little Egret 6
Western Reef-heron / W.R.Egret 1
 Little Cormorant 45
 Indian Cormorant 55
 Oriental Darter 25
 Western Osprey 5
 Western Marsh Harrier 5
 Black Kite 50
 Brahminy Kite 35
 White-breasted Waterhen 8
Grey-headed Swampphen / 100
Black-winged Stilt 15
 Red-wattled Lapwing 15
Kentish Plover 8
Greater Painted-snipe 2
 Bronze-winged Jacana 25
Bar-tailed Godwit 25
 Ruff 2
Curlew Sandpiper 3
Temminck's Stint 6
 Common Sandpiper 15
 Common Redshank 2
Marsh Sandpiper 2
 Wood Sandpiper 2
 Common Greenshank 5
 Gull-billed Tern 12
Common Tern 5
Whiskered Tern 1
 Rock Dove / Feral Pigeon 100
 Spotted Dove 3
 Southern Coucal / Greater Coucal 1
 Asian Koel 25
Large Hawk-Cuckoo 1
Brown Hawk-Owl 1
 Asian Palm Swift 35
Indian Roller 2
 White-throated Kingfisher 6
 Common Kingfisher 5
Pied Kingfisher 1

Little Green Bee-eater / Green Bee-eater 8
 Blue-tailed Bee-eater 6
 Common <Eurasian> Hoopoe 6
 White-cheeked Barbet 15
 Coppersmith Barbet 15
Peregrine Falcon 2
 Rose-ringed Parakeet 25
Common Iora 2
 Long-tailed Shrike 4
 Indian Golden Oriole / Eurasian Golden Oriole 10
Black-hooded Oriole 2
 Black Drongo 25
 Ashy Drongo 5
 White-spotted Fantail / White-throated Fantail 2
Rufous Treepie 2
 House Crow 500
 Malabar Lark 4
 Red-whiskered Bulbul 25
 Red-vented Bulbul 1
 White-browed Bulbul 4
 Wire-tailed Swallow 2
 Red-rumped Swallow 12
Streak-throated Swallow 3
 Bright-green Warbler / Green Warbler 12
Greenish Warbler 3
 Indian Reed-warbler / Clamorous Reed Warbler 2
 Blyth's Reed Warbler 15
 Grey-breasted Prinia 1
 Ashy Prinia 2
 Plain Prinia 3
 Common Tailorbird 1
Tawny-bellied Babbler 2
Puff-throated Babbler 3
 Jungle Myna 3
 Indian Blackbird / Euras. Blackbird 2
Indian Black Robin /Indian Robin 1
 Oriental Magpie-Robin 6
 Siberian Stonechat / Common Stonechat 4
 Pied Bush Chat 2
 Purple-rumped Sunbird 1
 Purple Sunbird 4
 Loten's Sunbird 2
 House Sparrow 5
 White-rumped Munia 4
 Scaly-breasted Munia 4

Søndag den 7.januar

Morjim Beach, Siolim Fields og Natravnetur til Socorro Plateau

Dagen startede med en tidlig **strandtur til den legendariske Morjim Beach** hvortil vi kørte i Lloyds bus. Her blev teleskoperne sat op på en række, så vi kunne betragte de 3 forventede præstekravearter. I måge/terneafdelingen blev der, udover mængderne af forbipaserende Brown-headed Gulls og hættemåger spottet et stortfantastisk antal tyndnæbbede måger, som det fremgår af 'dagens obs'. De store måger bestod af Pallas's Gull 3, Caspian Gull 100, Heuglin's Gull 20, Steppe Gull 15. I mellem de mange måger sås hele 6 ternearter: Gull-billed Tern (Sandterne) 200, Caspian Tern (Rovterne) 2, Greater Crested

Tern (Bergius terne) 10, Lesser Crested Tern (Bengalsk terne) 30, Sandwich Tern (Splitterne) 3, og Little Tern (Dværgterne) 1. Enkelte Small Pratincoles holdt iøvrigt præstekraverne med selskab. En enkelt White-bellied Sea Eagle kom tæt på os ved kysten.

Før og under morgenmaden, mens vi luskede rundt i palmelundene og det mellemliggende lavt bevoksede grønne område ned mod sandstranden havde vi fornøjelsen af en del småfugle bla Indisk storpiber (Paddyfield Pipit) gående rundt lige foran os i den lave vegetation.

Kratlusk i baglandet gav en del fine obs bla Barred Buttonquail 2, Baya Weaver 75, Rosenstære, flere Longtailed Shrike's, glenter, Barbets, svaler mm.

Rismarkerne ved Siolim var dagens næste mål og vi blev ikke skuffede. Vi så mange rovfugle hvoraf mange store vingefang bla Crested Serpent Eagle 1, Changeable Hawk-Eagle / Crested Hawk-Eagle 1 Indian Spotted Eagle 5, Greater Spotted Eagle 4, Steppe Eagle 1, Western Marsh Harrier 4, Black Kite 45, Brahminy Kite 75. På vej ned til Solim Fields stoppede vi for at kigge nærmere på nogle lærker / pibere der landede lige ved bussen (der var set Langnæbbet Piber i området et par dage før). Turlederen gik ud på marken for at se om der var nogen interessante pibere at jage op. I stedet fløj der 4 styk Greater Painted Snipe's op som nok havde stået og fourageret i kanten af rismarkerne.

Derudover så vi mange hejrer (6 arter), 3 storkearter, mange ibiser af 2 arter, flere vadefuglearter (11 styk), 4 isfugle arter, Malabar Pied Hornbills 2, med mere.

Herunder: Black Drongo og Bronze-winged Jacana juv - foto: Leif Hoven

Dagen sluttede med en spændende **Natravnetur til Socorro Plateau** hvor vi hørte og så Jerdon's Nightjar (1 set og 5 hørt).

Dagens obs: 109 arter

Lesser Whistling Duck 50
Indian Peafowl 2
Asian Openbill 3
Woolly-necked Stork 2
Lesser Adjutant 2
Black-headed Ibis 5
Glossy Ibis 75
Indian Pond Heron 15
Eastern Cattle Egret 250
Purple Heron 2
Great Egret 1
Intermediate Egret 5
Little Egret 2
Little Cormorant 12
Indian Cormorant 5
Crested Serpent Eagle 1
Changeable Hawk-Eagle / Crested Hawk-Eagle 1
Indian Spotted Eagle 5
Greater Spotted Eagle 4
Steppe Eagle 1
Western Marsh Harrier 4
Black Kite 45
Brahminy Kite 75
White-bellied Sea Eagle 2
Barred Buttonquail 2
Red-wattled Lapwing 55
Common Ringed Plover 1
Little Ringed Plover 2
Kentish Plover 250
Lesser Sand Plover 300
Greater Sand Plover 100
Greater Painted-snipe 4
Pheasant-tailed Jacana 1

Bronze-winged Jacana 15
Whimbrel 2
Eurasian Curlew 12
Sanderling 6
Common Sandpiper 1
Green Sandpiper 5
Small Pratincole 5
Slender-billed Gull 400
Brown-headed Gull 800
Black-headed Gull 500
Pallas's Gull 3
Caspian Gull 100
Heuglin's Gull 20
Steppe Gull 15
Gull-billed Tern 200
Caspian Tern 2
Greater Crested Tern 10
Lesser Crested Tern 30
Sandwich Tern 3
Little Tern 1
Rock Dove / Feral Pigeon 25
Eurasian Collared Dove 1
Spotted Dove 2

Asian Palm Swift 25
Little Swift / House Swift 16
Indian Roller 1
Stork-billed Kingfisher 1
White-throated Kingfisher 20
Common Kingfisher 4

Pied Kingfisher 2
 Little Green Bee-eater / Green Bee-eater 25
 Blue-tailed Bee-eater 15
 Common <Eurasian> Hoopoe 1
 Malabar Pied Hornbill 2
 White-cheeked Barbet 15
 Coppersmith Barbet 4
 Lesser Goldenback / Black-rumped Flameback 1
 Peregrine Falcon 1
 Rose-ringed Parakeet 5
 Long-tailed Shrike 3
 Indian Golden Oriole / Eurasian Golden Oriole 17
 Black Drongo 25
 Ashy Drongo 2
 House Crow 500
 Indian Jungle Crow / Large-billed Crow 3
 Red-whiskered Bulbul 5
 Sand Martin 1
 Barn Swallow 50
 Wire-tailed Swallow 3
 Common House Martin 2
 Red-rumped Swallow 15

Streak-throated Swallow 2
 Greenish Warbler 2
 Blyth's Reed Warbler 25
 Ashy Prinia 2
 Plain Prinia 1
 Jungle Babbler 5
 Yellow-eyed Babbler 1
 Jungle Myna 25
 Brahminy Starling 8
 Rosy Starling 125
 Oriental Magpie-Robin 2
 White-rumped Shama 5
 Siberian Stonechat / Common Stonechat 4
 Pied Bush Chat 4
 Nilgiri Flowerpecker / Plain Flowerpecker 1
 Purple-rumped Sunbird 2
 Purple Sunbird 2
 House Sparrow 25
 Baya Weaver 75
 White-rumped Munia 5
 Paddyfield Pipit 3

Mandag den 8.januar

Socorro Plateau, Paitoner Fields, Pilerne Lake og Saligao Zor

Socorro Plateau, der udover busksteppe, huser et mindre uforstyrret skovområde i et bakket terræn der skråner op mod det højere liggende plateau er altid klar med mange fine spurvefugle arter i forskellige størrelser, farver og lyde. De fleste af dagens obs af spurvefugle og hornbill's er fra dette fantastiske naturområde. De mere interessante var:

Indian Peafowl, Crested Hawk-Eagle, Nilgiri Wood-Pigeon, Gray-fronted Green-Pigeon, Greater Coucal (Southern), Jungle Owlet, Malabar Pied-Hornbill, Coppersmith Barbet, White-cheeked Barbet, Black-rumped Flameback, Plum-headed Parakeet, Common Woodshrike, Common Iora, Large Cuckooshrike, Indian Golden Oriole, Black-naped Oriole, Black-hooded Oriole, White-bellied Drongo, Bronzed Drongo, Greater Racket-tailed Drongo 2, Gray-headed Bulbul 2, Common Tailorbird 3, Gray-breasted Prinia 6, Ashy Prinia 2, Jungle Babbler 7, Tickell's Blue Flycatcher 3, Chestnut-tailed Starling 35, Jungle Myna 6
 Jerdon's Leafbird 4, Golden-fronted Leafbird 6, Nilgiri Flowerpecker 3, Purple-rumped Sunbird 6, Long-billed Sunbird 1, Vigors's Sunbird 2.

Socorro plateau - Gon 8 Jan 2018

Ved de nærliggende **Paitoner Fields** mødte vi et orgie af forskellige arter rovfugle. Fiskeørn, Crested Honey Buzzard, Rørhøg, Steppehøg, over 20 skrigeørne ligelig fordelt melle Stor- og Indisk Lille Skrigeørn i buske eller boltrede sig i luften i selskab med en enkelt Steppeørn. Imponerende her var de mange storke og hejrer bla et slæng på 8 Lesser Adjudant, 20 Asian Openbill, 10 Wolly-necked stork, begge arter Ibis, vadefugle, biædere, Ellekrage med meget mere.

Paitoner fields

Greater Spotted Eagle (*Clanga clanga*)

Tawny Eagle (*Aquila rapax*)

Paitoner fields - Goa 8.jan 2018

Greater Spotted Eagle (*Clanga clanga*) og Tawny Eagle (*Aquila rapax*) foto:Leon Berthou

På vej til dagens frokost restaurant stoppede vi i begge ender af **Pilane Lake**, der på denne måde gav et pænt udbytte på bla Lesser Whistling-Duck 120, Cotton Pygmy-Goose 4, Little Grebe 2, Purple Heron 1, Intermediate Egret 3, Little Egret Egretta 5, Eurasian Marsh-Harrier 2, Little Swift 25, Blue-tailed Bee-eater 5, Common Iora 3, Rufous Treepie 2, Indian Tit 2, White-browed Bulbul 4, Blyth's Reed Warbler 2, Tickell's Blue Flycatcher 4, White-rumped Munia 4.

Pilane Lake - Goa-India - 16. januar 2018

Pilane lake

Dagen sluttede ved skovområdet ved landsbyen **Saligao Zor**. Det mest interessante her var Oriental Honey-buzzard, Coppersmith Barbet, White-cheeked Barbet, Common Iora, Black-hooded Oriole, Spot-breasted Fantail, Black-naped Monarch, Indian Paradise-Flycatcher, Tickell's Blue Flycatcher, Malabar Whistling-Thrush, og Orange-headed Thrush.

Saligao Zor - Goa 8 jan 2018

Saligao Zor

Dagens obs: 114 arter

Lesser Whistling Duck 130
Cotton Teal / Cotton Pygmy-goose 4
Indian Peafowl 4
Little Grebe 2
Asian Openbill 20
Woolly-necked Stork 10
Lesser Adjutant 8
Black-headed Ibis 25
Glossy Ibis 75
Indian Pond Heron 25
Eastern Cattle Egret 500
Grey Heron 1
Purple Heron 3
Great Egret 3

Tirsdag den 9.januar

Bondla

Heldagstur til bjergskoven langt mod sydøst i Bondla reservatet. Det ligger nær det endnu større reservat Bhagwan Mahaveer, som Backwoods Camp jo er placeret i. I Bondla reservatet oplevede vi en hel del skovfugle og fik et par nye arter til listen her på den nedre grænse til Goa's højland i Western Gatts bjergkæden. Bondla reservatet huser også en lille Zoologisk Have med et par større pattedyr fra Indien, bla Tiger, Leopard, Elefant og Løve

Crested Treeswift (Foto: Leif Hoven)

Allerede under morgenmadsstoppet **på vej op** dukkede der nye turarter op da vi jo befandt os i en anden naturzone i bjergskoven. På vej op til 'toppen' ved den Zoologiske Have lavede vi et par succesfulde stop der yderlige præsenterede fine nye arter som vi ikke ser i lavlandet. Vi sluttede med at besøge '**haven**' hvor der kan findes spændende småfugle blandt de 'vilde dyr' Alt i alt en meget fin dag, der udover gentagelse af spændende arter fra lavlandet gav os en del nye turarter der er **fremævet** i listen herunder under 'Dagens obs'.

Dagens obs: 91 arter

Grey Junglefowl 2
 Striated Heron / Little Heron 1
 Indian Pond Heron 1
 Eastern Cattle Egret 999
 Changeable Hawk-Eagle / Crested Hawk-Eagle 1
 Booted Eagle 1
 Shikra 2
 Black Kite 300
 Brahminy Kite 25
 White-breasted Waterhen 1
 Red-wattled Lapwing 5
 Rock Dove / Feral Pigeon 50
 Oriental Turtle Dove 1
 Spotted Dove 6
 Orange-breasted Green Pigeon 1
 Grey-fronted Green-pigeon / Pompadour Green-pigeon 6
 Southern Coucal / Greater Coucal 2
 Blue-faced Malkoha 2
 Asian Koel 6
 Crested Treeswift 25
 Little Swift / House Swift 5
 Indian Roller 1
 Stork-billed Kingfisher 1
 White-throated Kingfisher 8
 Little Green Bee-eater / Green Bee-eater 12
 Malabar Grey Hornbill 3
 Brown-headed Barbet 8
 White-cheeked Barbet 4

Coppersmith Barbet 2
Heart-spotted Woodpecker 1
 Indian Pygmy Woodpecker / Brown-capped Pygmy Woodpecker 1
 Lesser Goldenback / Black-rumped Flameback 2
Greater Goldenback / Greater Flameback 1
Rufous Woodpecker 1
 Plum-headed Parakeet 8
 Rose-ringed Parakeet 4
Vernal Hanging Parrot 10
 Bar-winged Flycatcher-shrike 1
Common Woodshrike 1
 Common Iora 4
Orange Minivet / Scarlet Minivet 4
Brown Shrike 1
 Indian Golden Oriole / Eurasian Golden Oriole 15
 Black-hooded Oriole 5
 Black Drongo 6
 Ashy Drongo 4
 White-bellied Drongo 2

Long-billed Sunbird / Loten's Sunbird 2

Vigors's Sunbird / Crimson Sunbird 2

Little Spiderhunter 1**Yellow-throated Sparrow / Chestnut-shouldered Petronia 2**

White-rumped Munia 6

Onsdag den 10. januar**Boat trip on Zuari River og Batim Lake**

Efter at have indtaget Lloyds morgenmadsbuffet ved bredden af Zuari River satte vi os godt tilrette i den behagelige turbåd. Først skulle vi lige se en Vandrefalk i øjnene, idet et par yngler under en høj jernbanebro. Derefter sejlede vi ud mod de små bifloder.

Vi var heldige med hovedattraktionen Mangrove isfugl, hvoraf hele 4 blev set og fotograferet. Også Stork-billed- og Black-capped Kingfisher gjorde lykke. 4 nathejrer lurede inde på bredden forskellige steder. Endvidere pænt med vadefugle hvor hele 2 terekklirer var guf blandt de mange rødben, mudderklirer samt enkelte hvid- og damklirer. , Storspove og Småspove

Af de store vingefang var vi heldige med 10 arter hejrer, Painted Stork 2, Asian Openbill 6, Woolly-necked Stork 5, Lesser Adjutant 2, Black-headed Ibis 5 og Glossy Ibis 35 og i luften var fiskeørn 4 og White-bellied Sea-eagle 2 på vingerne. Mange småfugle arter i mangrove træer og -buske og luftrummet over båden se 'dagens obs' herunder. Og - så lå der moppedrenge af krokodiller langs flodbredderne, og i de større træer hængte et stort antal snorkende Flyvende hunde.

Den noget tilgroede sø **Batim Lake** blev spottet for andefugle på hjemvejen og ikke mindre end ca 100 Cotton Teal og ca 200 Lesser Whistling Duck blev talt.

Efter frokost på en restaurant i Calangute besøgte vi Lloyd og hans familie, der alle var samlet denne søndag eftermiddag. En stor buket blomster til Lloyd's kone som 'tak for lån'

Dagens obs: 84 arter

Lesser Whistling Duck 200

Cotton Teal / Cotton Pygmy-goose 100

Indian Peafowl 2

Little Grebe 4

Painted Stork 2

Asian Openbill 6

Woolly-necked Stork 5

Lesser Adjutant 2

Black-headed Ibis 5

Vigors's Sunbird / Crimson Sunbird 2

House Sparrow 5

White-rumped Munia 3

Tricolored Munia 1

Tordag den 11.januar til Lørdag den 13.januar

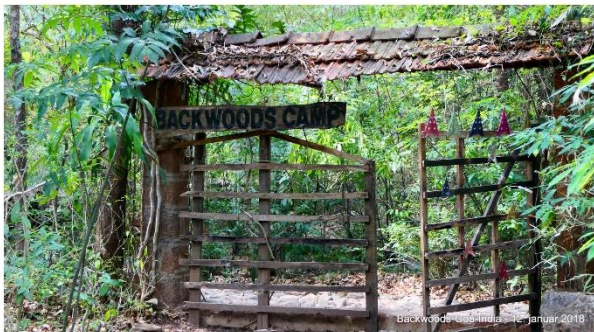

Backwoods Camp

Torsdag den 11.januar kl. 5.15 kørte bussen fra Backwoods Camp op foran hotellet, og hu hej så var vi på vej tilde næste par dage lejrLiv i det dejlige skovområde i udkanten af nationalparken **Bhagvan Mahaveer**. Kort før indkørslen til reservatet fik vi 'lods' på bussen i form af Pramod i sin

egen bil og som stod for de 3 dage som lokalguide. Vi startede med at obse (før morgenmaden) ved et ofte benyttet frugttræ hvor mange forskellige arter samles om morgenen for at forsyne sig med frisk frugt. Det vrirlede med gode bjergskovsarter. Lige pludselig blev fuglene tavse da en Rufous-bellied Hawk-Eagle på morgenjagt fløj som en raket gennem trækronen. For at det ikke skal være løgn landede der to Great Pied Hornbill's i trækronen ligeledes på frugtjagt.

Efter indlogering og et solidt morgenmåltid, kørte vi til det nærliggende "**rovfuglepoint**", hvor rovtøj som Mountain Hawk Eagle, Crested Gosshawk, Crested Serpent Eagle, to Oriental/Crested Honey Buzzards i selskab med en Eastern (Himalayan) buzzard gav os udfordringer.

Efter et velsmagende frokost havde lejrens øvrige medhjælpere, der også er glimrende fuglefolk, fundet campens specialitet, et ægtepar af Sri Lanka Frogmouth, sad tæt sammen i en bambustykning tæt på lejrens hovedbygning.

Øverst th: Sri Lanka Frogmouth (Batrachostomus moniliger)

Ud på eftermiddagen kørte vi ud til templet **Tambdi Surla** hvor vi bagved et stykke fra templet langs floden placerede os på et åbent område, med god udsigt til bjergene.

Her lod vi fuglene komme til os, hvilket de så også gjorde. Rufous-bellied Hawk-Eagle, Black Eagle, Booted Eagle, Brown-backed Needletail og Mountain Imperial Pigeons holdt sig til bjergene, imens mere jordnære arter som Brown Shrike, Chestnut Headed Bee-eater, Square-tailed Bulbul samt den spektakulære White-bellied Woodpecker lod sig se, men mest hørt, nær templet.

Black Eagle (foto: Leif Øgaard)

Black-hooded Oriole (foto: Leif Hoven)

Resten af dagene gik med en tur mere til 'Frugtræet', travetur gennem den nærliggende landsby tilbage til campen, et 'tempelbesøg, en længere travetur langs floden der resulterede i at vi fik set Blue-eared Kingfisher (Vi glippede desværre den lille pygmæ) samt småture og stop forskellige steder i reservatet.

Den samlede liste kan ses her – hvor de specielle 'Backwoods' arter er **fremhævet**.

Periodens obs (3 dage): 127 arter

Grey Junglefowl 3

Indian Peafowl 5

Woolly-necked Stork 2

Black-headed Ibis 6

Indian Pond Heron 2

Eastern Cattle Egret 195

Søndag den 14.januar

Verna Plateau og Verna fields

Ved sekstiden buldrede vi af sted, i Lloyds lille bus, mod dagens hovedmål, den ny opdagede buskbevoksede højslette **Verna Plateau**. Lige før vi nåede vejen op til plateauet havde vi fornøjelsen af en lille flok Ashy Woodswallow's der sad tæt sammen og hyggede sig på en elledning tæt på vejen. Da vi var nået op og parkeret bussen gik vi lidt rundt i området inden morgenmaden. Pludselig hang der en Blå glente i luften og musede et par hundrede meter væk. Derudover i luften en Crested Serpent-Eagle og en Stor skrigeørn. I buskene på vor traven rundt vej sad der bla Tårnfalk, Common Woodshrike, Golden-fronted Leafbird og Black-hooded Oriole derudover på jorden Korttået lærke og Malabar toplærker og i luften en syngende Oriental Skylark og ikke mindst en syngende Rufous-tailed Lark.

Blåhals på vejen. (Foto Bengt Johlander)

Efter morgenmaden og endnu et par timer på ud over busksteppen med flere fine arter besøgte vi nærliggende rismarker **Verna fields**. Her var vi heldige med en del hejrer, ænder, vadefugle et par White-bellied Sea Eagles.

Efter en dejlig frokost tog vi hjem til vores hotel og en velfortjent siesta og lidt badeferie.

Mandag 15.januar

Shirgao (Bicholim), Mayem Lake (Bicholim), Tikkanem og Divar Island

Dagens morgentur gik til en nyt og meget spændende eng- og moselignende område med lav tæt vegetation i et fugtigt miljø. **Shirgao i Bicholim** ikke så langt fra Maeym lake. Det var bla Red Avadavat vi skulle finde her. Inden morgenmaden blev serveret brugte vi næste 2 timer i dette spændende område med mange småfugle, hejrer, lidt rovfugle og ikke mindst en Indian Pitta meget tæt på der på et tidspunkt fløj over vejen lige bag ved os og naturligvis en mindre flok Red Avadavat på 7, Tawny-bellied Babbler 5, Streaked Weaver 2.

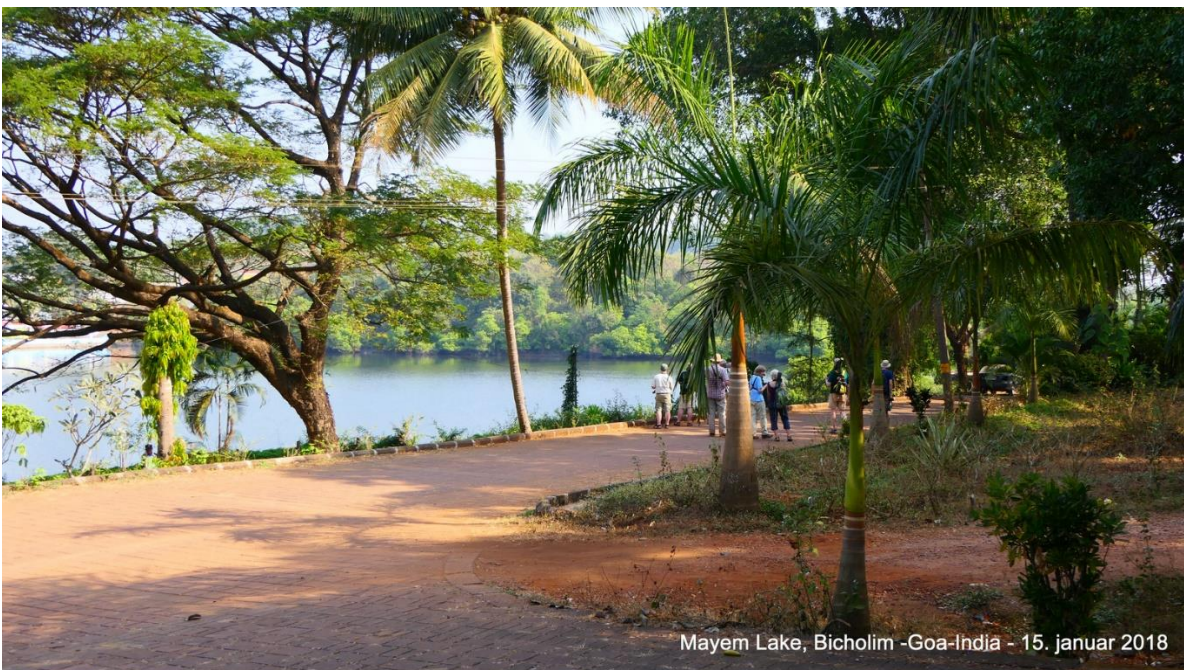

Panorama (Foto: Bengt Johlander)

Shirgao, Bicholim -Goa-India - 15. januar 2018

Efter morgenmaden tog vi til det berømte **Mayem Lake** der mest af alt minder meget om en klar bjergsø. Vi har flere gange på tidligere ture i skovbevoksningen langs søen set både Blue-bearded Bee-eater, Fiskeugle og Indian (grey) Nightjar mm i dette område, men ikke denne gang. Vi gik dog langt fra tomhændede herfra med bla Crested Treeswift, Indian Swiftlet, Fork-tailed swift, Little Swift / House Swift, Chestnut-headed Bee-eater, Brown-headed Barbet, Lesser Yellownape 1, White-bellied Drongo, Paddyfield Warbler, Jungle Babbler, Little Spiderhunter, Gråfisker, Vernal Hanging-Parrot mm.

Mayem Lake, Bicholim -Goa-India - 15. januar 2018

Inden vi fortsatte til **Tikkanem** indtog vi en skyggefuld frokost med udsigt over søen. Vi besøgte den 'anden side' af Tikkanem i fint medlys og med forbavsende mange fugle både hejrer, storke, rovfugle, rovfugle, vadere, isfugle samt forskellige større eller mindre småfugle arter.

Denne fuglerige dag blev afsluttet på **Divar Island** med lærker og Kærhøge hvor sidst nævnte kommer til Divar Island for at overnatte sammen. Ikke mindre end 8 Steppenhøge (Pallid Harrier) blev set denne aften (vi blev lidt længere end normalt og de 5 af fuglene kom i de sidste 30-40 min) derudover havde vi fornøjelsen af 2 Blå glenter (musende lidt på afstand). Foran os der hvor havde slået os ned rendte der ca 100 Kortået lærke rundt sammen med et par Oriental Skylark og en flok på 8 små præstekraver og indmellem 3-4 Indiske storpibere (Paddyfield Pipit).

Tirsdag den 16.januar

Pilerne plateau og Pilerne Lake

Turen sidste dag blev tilbragt i Pilerne området, først et besøg på **Pilerne plateau** for at finde White-eyed Buzzard og Bay-backed Shrike hvilket lykkedes fint med et eksemplar af hver og på nær afstand i medlys. Udover disse to gode arter så vi Hedeheg, fine obs af Indian Roller 3 styk incl stemme hørt, Korrtået Lærke, Oriental Skylark og Markpiber, Indian Black Robin /Indian Robin 4, Taiga Flycatcher 1.

Dagen og turen sluttede med et besøg ved **Pilerne lake** hvor der også var pænt med fugle, bla en stor flok Sorte Ibis'er på 65, 5 hejrearter, en Crested Serpent Eagle, en White-bellied Sea Eagle. Alt i alt omkring 60 arter i de to områder.

Da vi havde en lang rejse foran os og skulle pakke til dette sluttede vi ved 13-tiden og tog vores frokost på hotellet. Der blev naturligvis obset omkring hotellet på individuel basis indtil det blev mørkt.

Dagens obs: 68 arter

Lesser Whistling Duck 60
Little Grebe 4
Asian Openbill 3
Woolly-necked Stork 2
Black-headed Ibis 4
Glossy Ibis 65
