

Dag 1: 27. Januar 2026 - Ankomst Entebbe International Airport. Aftensmad og overnatning på Gately Inn Hotel Entebbe, 2 nætter

Dag 2: 28. Januar 2026 – Efter morgenmad, hvor vi satser på at tage den lidt med ro, og tager til den nationale botaniske have fyldt med tropiske planter og træer. Haven er et fantastisk sted at starte med masser af forskellige fuglearter så som Verreaux's eagle owls, Red – billed Firefich, Black-and-white-Casqued Hornbill, Senegal Coucal, Little Stint, Little Weaver, Striated Heron, Spur-winged Lapwing, Gull-billed Tern, Klaas's and Diederik Cuckoos, Northern Crombec, Tambourine Dove, Cameroon Sombre Greenbul, Little Grey Greenbul, Pink-backed Pelican, Yellow-billed Stork, Eastern Grey Plantain-eater, Yellow White-eye, Purple- banded Sunbird, African Jacana, Lesser Jacana, Yellow Billed Duck, Glossy Ibis, African Open billed Stork, Malachite Kingfisher, Blue checked Bee-eater, Common Sandpiper, Black Crake, Long tailed Cormorant, Crowned Hornbill, Vieillot's Black Weaver, Woodland Kingfisher, Pied Kingfisher, Water Thick-knee, Madagascar Bee-eater, Egyptian Goose, Black –headed Weaver, Yellow-backed Weaver, and others.

Aftensmad og overnatning på Gately Inn Hotel Entebbe (F/B)

Dag 3: 29. Januar 2026 – Tidlig morgen; Birding Mabamba og eftermiddags transfer til L.Mburo National Park.

Efter morgenmad kører vi til Mabamba wetlands hvor vi vil blive roet ud i en kano gennem sumpen, hvor vi vil kigge efter den store attraction træskonæbbet (Shoebill) og meget andet som bl.a. White-winged Warbler, Carruthers' Cisticola, Papyrus Gonolek, Saddle-billed Stork, African pygmy Goose, Lesser Jacana, Common Squacco, Purple and Goliath Herons, Yellow billed Egret, White-faced Whistling, White Backed and Yellow-billed Duck, African fish Eagle, Black Crake, African Jacana,

Long-toed Plover, Gull-billed and White-Winged terns, Malachite and pied Kingfishers, Blue-Breasted Bee-eater, Cape Wagtail, Swamp Fly catcher, Winding Cisticola, Red-chested Sunbird, Fan tailed Windowbird, Madagascar bee-Eater, Grey-rumped Swallow, Blue Swallow (kan være der på træk som Intra-Afrikansk trækfugl) og Plain-backed Pipit. Senere same dag tager vi til L.Mburo National Park med birding enroute for Lilac Breasted og Broad Billed Roller, Rufous Bellied Heron, Glossy Starling, Wooly Necked Stork og mange flere. Middag og overnatning på **Rwakobo Rock Lodge, 2 nætter (F/B)**

Dag 4: 30th January 2026 - Birding Lake Mburo

Efter en tidlig morgenmad tager vi ud på en tidlig sejltur, for at finde Finfoot, White backed/ black crowned night herons, Papyrus Gonolek, Yellow backed/ golden backed/slender billed/ village/ spectacled and Northern brown throated weavers, Greater swamp Warbler. Eftermiddagen er et game drive for Topis, Zebra, Buffaloes, Impalas, Elands og mange andre dyr. Vi har senere chancen for natravnene som Freckled, Square Tailed, Pennant-winged blandt flere. Aftenmad og overnatning på **Rwakobo Rock Lodge (F/B)**

Dag 5: 31. Januar 2026- Birding mod Bwindi Ruhija

Efter endnu en tidlig morgenstart birder vi os vejen ud af området, for at samle arter op vi måtte have misset og fortsætter til Ruhija. Vi forventer arter som Augar and Mountain Buzzard, Strange og Black Billed Weaver, Doharty's Bush-shrike, Rwenzori, Chestnut Throated og Mountain Masked Apalis, White Browed Crombec, Stripe-breasted Tit, Rwenzori Batis, White-napped Raven, Black-crowned Waxbill, Narrow Tailed, Slender Billed, Stulman's and Wallers Starling, Blue Headed, Northern Double Collard, Regal and Collard Sunbird, Montane Oriole, Mountain Illadopsis, Olive Thrush, og mange andre. Aftensmad og overnatning på **Bakiga Lodge (F/B)**

Dag 6 & 7: 1 & 2 Februar 2026 - Birding og Gorilla tracking

Vi har to dage her, hvor den ene er til at finde bjerggorilla og den anden til at birde. Det er her vi forventer nogle af Ugandas specialiteter, kendt under navnet Albertine Rift Endemics, hvor der er specielt mange af disse. Blandt disse er Mountain Masked Apalis, Stripe-breasted Tit, Rwenzori Batis, White-napped Raven, Black-crowned Waxbill, hvor vi især ser på fugle i skovkanterne, som er særlig rige på disse specialiteter. Denne del af Bwindi ligger i stor højde. Fuglene her er det bedste sted i Uganda og måske hele Afrika for disse "high altitude" fugle. Det huser over 23 meget lokaliserede "Albertine Rift endemics" og er nummer 1 på African Birding Club's liste.

Vi ser efter blandt andet arter som Black-billed Turaco, Western Green Tinkerbird, Fine-banded Woodpecker, African Green-Broadbill, Mountain Greenbul, Stripe Breasted Tit, African Hill Babbler, Mountain Illadopsis, Yellow-eyed Black Flycatcher, Red-faced Woodland Warbler, Grauer's Warbler, Mountain Yellow Warbler, Chestnut-throated and Collared Apalis, Rwenzori Batis, Montane Sooty Boubou, Blue-headed Sunbird, Regal Sunbird, Mountain Masked Apalis, Red-throated Alethe, Ashy, Dusky-blue and Chapin's, Black-and-white Shrike-flycatcher, White-bellied Crested-flycatcher, Dusky Tit, Blue-throated Brown Sunbird, Blue-headed Sunbird, Northern Double-collared Sunbird, Grey-headed Sunbird, Mackinnon's Fiscal, Pink-footed Puffback, Doherty's Bush-shrike, White-naped Raven, Montane Oriole, African Golden Oriole, Stuhlmann's Starling, Narrow-tailed Starling, Waller's Starling, Strange Weaver, Brown-capped Weaver, Black-billed Weaver, Dusky Crimsonwing, East Africa Swee, Yellow-crowned Canary, Thick-billed Seedeater, Streaky Seedeater, Shelley's Crimsonwing, Oriole Finch, Mountain Buzzard, Ayre's Hawk-eagle, Handsome Francolin, Barred Longtailed Cuckoo, African Wood-Owl, Rwenzori

Nightjar, Scarce Swift, Bar-tailed Trogon, Cinnamon-chested Bee-eater, Black Bee-eater, (Western) Bronze-naped Pigeon, Red-chested Owlet, Elliot's Woodpecker, African Broadbill, Archer's Ground Robin, Toro Olive-Greenbul, Ansorge's Greenbul, Equatorial Akalat, Olive Thrush, Red-faced Woodland Warbler. Middag og overnatning på **Bakiga Lodge, 3 nætter (F/B)**

Day 8: 3. Februar 2026 - Birding mod Buhoma via "the Neck"

Vi tager ud efter morgenmad med fokus på the "Neck", hvor vi ser efter arter som: Mountain Wagtail, Chin-spot Batis, Black-billed Turacco, Fine-banded Woodpecker, Dwarf Honeyguide, Red-tailed Greenbul, adskillige Bee-eaters inklusiv Black Bee-eater og Cinnamon-chested Bee-eater, Bronze-naped Pigeon, Many-coloured Bush-shrike, Ayres's Hawk-eagle, Bronze-naped Pigeon, Narina Trogon, Honeyguide Greenbul, Red-throated Alethe, Gray Apalis, African Shrike-flycatcher og Red-headed Malimbe; I tørre områder med ferne vegetation, forventer vi Dusky Twinspot. Andre er Mackinnon's Fiscal, Yellow-bellied Waxbill, Black Saw-wing, Chubbs' Cisticola, Grey Apalis, Augur Buzzard, Petit's Cuckoo Shrike, Pink-footed and Northern Puffback, Red-tailed, Ansorge's, Little Grey Greenbuls, Chestnut-throated Apalis, Red-throated Martin, East African Swee (Yellow-bellied Waxbill), Yellow White-eye, Dark-capped Bulbul, Yellow-bellied Kite, Yellow-rumped, Speckled-rumped Tinkerbirds, African Stonechat, Grey Cuckoo Shrike, Stripe-breasted Tit, Montane-masked Apalis, Red-faced Woodland, Montane Yellow Warbler, Regal Sunbird, Northern Double-collared Sunbird, Rwenzori Hill Babbler, White-tailed Blue Flycatcher, Yellow-whiskered Greenbul, Yellow-throated Leaf Love, Crested Guinea Fowl, African Crowned Hornbill, Lead-colored Flycatcher, Black-necked Weaver, Red-bellied Paradise Flycatcher, Yellow-spotted Barbet, African Harrier Hawk. Aftensmad og overnatning (**Ride4 a woman**) **2 nætter (F/B)**

Dag 9: 4. Februar 2026 - Birding Buhoma

Efter en tidlig morgenmad tager vi ud og leder efter fugle på den lavere beliggende del af Bwindi, hvor vi blandt andre prøver at finde Bar-tailed Trogon, Black Bee-Eater, White-headed Wood-hoopoe, African Broadbill, Fine Banded, Elliot's and Buff Spotted Woodpecker, White-bellied Robin-Chat, Equatorial Akalat, Red-throated Alethe, Chapin's Flycatcher, Red-faced Woodland Warbler, Blue Headed, Green, Blue Throated, Little Green og Blue Throated Brown Sunbird, Black-faced Rufous Warbler, Short Tailed Warbler, Mountain Masked Apalis, Bocage's, Many Colored and Luhder's Bush-shrike, Pink-footed Puffback, Petit's Cuckooshrike, Waller's, Stulman's og Narrow Tailed Starlings, Black-billed, Brown-capped og Black Necked weaver, Shelley's, Plain, Slender Billed, Toro Olive, Cabanis's Greenbul blandt mange andre fugle. Overnatning **Ride4 a woman. (F/B)**

Dag 10 & 11: 5. & 6. Februar 2026 - Birding på vej mod Queen Elizabeth National Park.

Vores tur mod Ugandas næststørste beskyttede område - Queen Elizabeth National Park starter denne morgen. Vi kører mod savannen og fuglelivet her skifter til noget meget anderledes end hidtil på turen med lærker og pibere, Harlequin Quail, Blue Quail, Small (Common) Buttonquail, Black Coucal, African Crake, African Moustached, Broad Tailed and Grey Capped Warbler, Martial Eagle, Verreaux's Eagle-Owl, Amur Falcon, Ovambo Sparrowhawk, Terek Sandpiper, Crimson-rumped Waxbill, Sulphur Breasted Bush-shrike, Golden Breasted Bunting, Temminck's Courser, Senegal og Wattled Lapwing, Brown Snake Eagle og mange andre arter. Der er mange arter pattedyr i parken, hvor man har registreret mindst 96 både nat og dagaktive dyr. Vi tager senere på dagen et længere drive i vores biler med åbent tag og fortsætter til om aftenen. Vi kan her finde træ-klatrende løver som Ishasha-området er kendte for. Andre er Kafferbøffel, Uganda Kob, Elefant and topi. Ud over

morgendrives, har vi en spændende tur med båd til Kazinga Channel. Det er en kanal, der forbinder George og Edward, som danner oplagte steder for at fotografere fugle på vandet samt bl.a. flodheste, etc.. Vi kan endvidere se African Skimmer, Striated Heron, African Spoonbill, Water Thick-knee, Three-banded Plover, Marsh, Green, Wood og Common Sandpiper, Lesser Black Backed and Gray-headed Gull, Plain Martin, Lesser Swamp-Warbler, Grey Plover, Terek Sandpiper af hvilke de fleste er vintergæster. Aftensmad og overnatning **Bufallo Safari Lodge 2 nætter (F/B)**

Dag 12: 7 February 2026 - Birding mod Kibale Forest

Vi tager hul på en længere køretur mod Kibale Forest N.Park, hvor vi naturligvis birder undervejs. Vi kører igennem bade savanne og vådområder. Mod slutningen af køreturen skal forsøge at finde Papyrus gonolek, White collard Olive-back, brown twin spot, White-winged Warbler, som vi kommer mod Kibale Forest. Arterne er skovarter, der er skulky i trækronerne og nogle af de svære er: Black throated Apalis, Red Capped abd Blue Shouldered Robin-chat, Afep og hvis vi er heldige White Napped Pigeon, Sooty Flycatcher, Wahlberg's Honeybird, Rofous Flycatcher Thrush og andre. Aftensmaden indtages **Guereza Canopy Lodge, hvor vi har 3 nætter (F/B)**

Dag 13: 8 February 2026 - Hele dagen til fugle og chimpanse tracking Kibale Forest N. Park.

Birding i Kibale N.P siges at være en fantastisk oplevelse. Vi leder efter arter som Red-winged Francolin, White spotted Flufftail, White-naped Pigion, Green-breasted Pitta, JoyfulGreenbul, Grey-winged Robin og White tailed Ground Thrush, Grey-throated Flycatcher, White-bellied Crested Flycatcher, Masked og black-throated Apalis, Splendid glossy Starling, Purple headed glossy Starling, Tiny/Superb/Bronze/Green headed/Green/Green throated/Little green sunbirds, Grey-headed Olive-back og som vanligt, mange flere. Frokost på hotellet, hvo vi også

birder. Aftensmad og overnatning på: **Guereza Canopy Lodge (FB)**

Dag 14: 9. Februar 2026 - Birding omkring Semliki

Tidlig morgenmad og derefter kører vi mod Semliki National Park, hvor vi skal se på fugle det meste af dagen. Semliki Forest er en del af den del af Uganda der møder den West Afrikanske skov og en forlængelse af Ituri Forest og dermed en særlig del af skov, der huser Guinea Congo endemics – altså vestafrikansk prægede arter. Vi har chancer for at se Congo Serpent Eagle, African Piculet, Orange-tufted Sunbird, Black-winged Oriole Black-throated Coucal, Zenker's Honeyguide, Long-tailed Hawk, Pale Fronted, Chestnut Breasted and White Breasted Negrofinch, Capuchin Babbler, Yellow-throated Nicator, Yellow Throated Cuckoo, White-bellied Kingfisher, Red-rumped Tinkerbird, Piping, Red-billed Dwarf, Black Dwarf, White Crested, Black-casqued Wattled, og White-thighed Hornbill, Fiery Breasted Bush Shrike Red-billed Helmet Shrike, Maxwell's Weaver, Lemon-bellied Crombec, African og Rufous-sided Broadbill, Swamp Palm Bulbul, Crested Malimbe, Blue-billed Malimbe, Fiery-breasted Bush-shrike og mange flere. Vi spiser og overnatter på **Guereza Canopy Lodge. (F/B)**

Dag 15: 10. Februar 2026 - Birding på vej til Entebbe og fly hjem!
